

FABRIC POP-UP

DISPLAY SYSTEM

TRADEWINDS

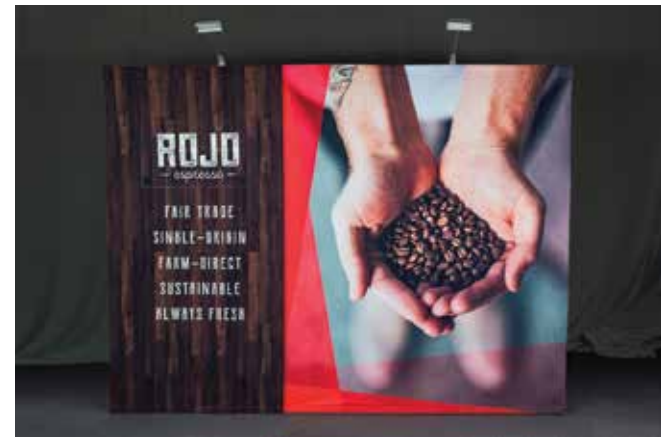

Aluminum Pop-Up Frame
With Pre-Attached Fabric Graphic

Fabric Pop-Up Portable Display System

TradeWinds Fabric Pop-Up combines the simplicity of an aluminum pop-up frame with an attached fabric graphic. Fabric Pop-Up sets up easily in less than 3 minutes without tools.

Convenient 8 & 10 Sizes

Frame simply pops up with ease and is offered in both 8 and 10 sizes in straight or curved shapes. Fabric Pop-Up display provides exhibiting flexibility to fit various exhibiting spaces and configurations. (10-foot curved frame shown.)

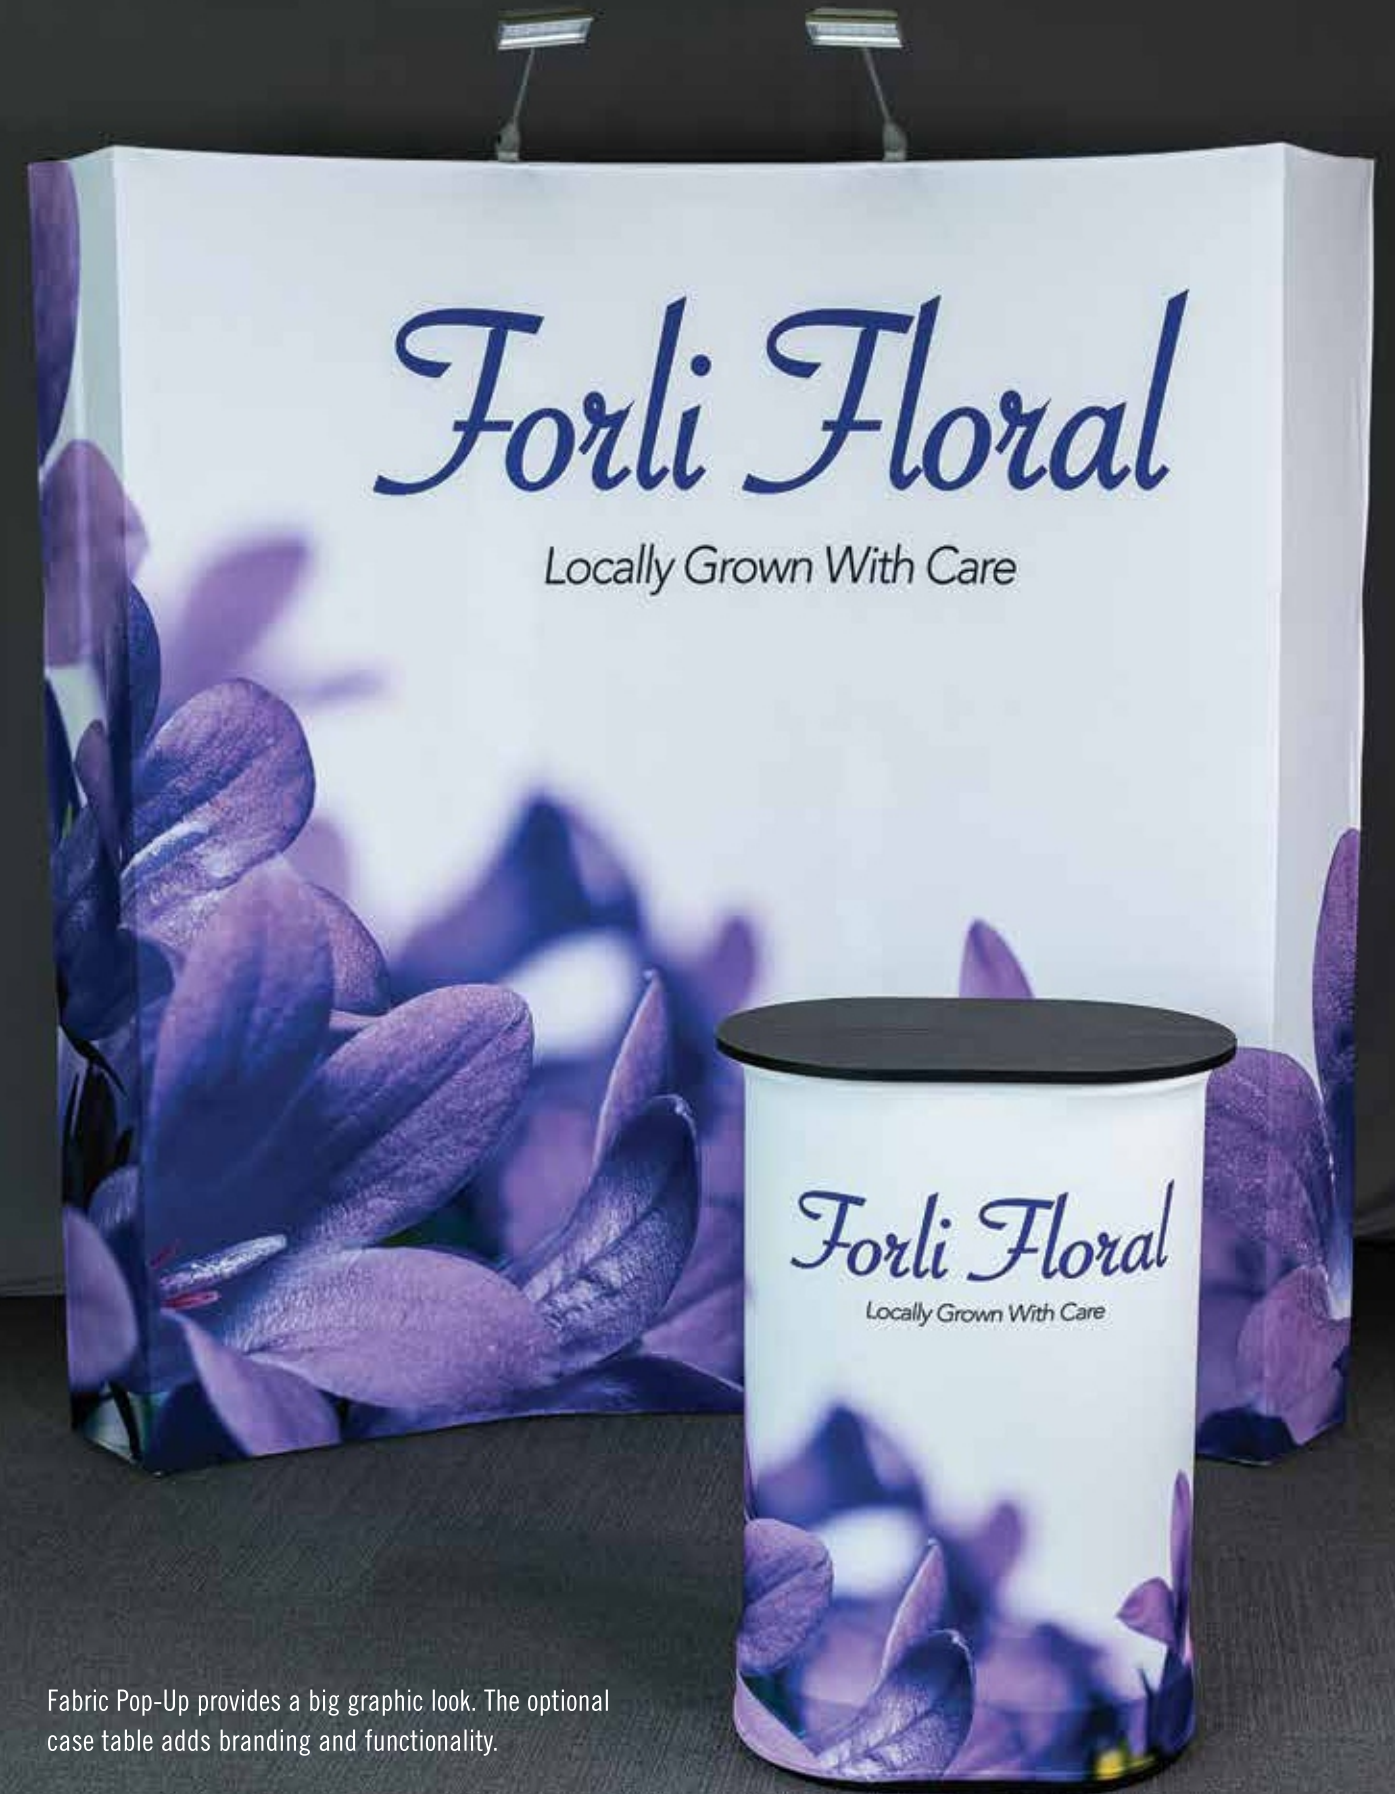

Seamless Fabric Graphics

TradeWinds DualFlex fabric features vibrant colors and a seamless brand presentation. Fabric graphic wraps around frame ends to cover hardware and can be easily removed for cleaning. Easily replaceable graphic panels are available for increased display options and flexibility.

Lightweight Compact Design

Fabric Pop-Up folds down small for storage and fits into a soft-sided wheeled bag or portable hard case for transport. With a frame weight of 25 lbs. or less, this system is convenient for frequent show use and is light weight to reduce shipping costs. The portable hard case can also be converted to a podium table for in-booth use.

Fabric Pop-Up provides a big graphic look. The optional case table adds branding and functionality.

TradeWinds® Fabric Pop-Up

Portable Hard Case Table

Fabric Pop-Up packages are also available with a portable hard case that converts to a convenient table. Sturdy table top and fabric graphic wrap are included making this case an economical choice for in booth use.

Case Dimensions: 38.5 H x 27 W x 18.75 D
(97.8 x 68.6 x 47.6 cm)

Case Table Weight: 33.5 lbs. (15.2 kg)
